Subject: FCC Docket No. 02-6,
Request for Review for BEN: 16062290
471 Application #: 817924
FCDL Date: June 20, 2013

To Whom It May Concern:

KEB Consulting, LLC has been retained by Global Green Generation School to file an appeal on their behalf. Their 2011-2012 application was reviewed and funding reduced to a 75% level. The school filed an appeal but received the same response.

This application was for a new school within the Vaughn Next Century Learning Center schools. We are filing this FCC appeal because the school provided demographic information during the reviews, which supported a 90% discount level. During the review process, the USAC reviewer determined that the school's discount should be determined by the Los Angeles Unified School District and reduced to the 75% level. The school was not allowed to use their own school's demographic information to establish their discount level.

Our letter of agency is attached for your records.

Thank you for your consideration in this matter. Please feel free to contact me with any questions you may have at (623) 282-4180 or email at kathi@kebconsult.com.

Sincerely,
